

## A Shattered Nervous System.

FINALLY HEART TROUBLE.

Restored to Health by Dr. Miles' Nerve.

MR. EDWARD HARDY, the jolly manager of Sheppard Co.'s great store at Briceville, Ill., writes: "I had never been sick a day in my life until 1890. I got so bad with nervous prostration that I had to give up and commence to doctor. I tried our local physicians and one in Joliet, but none gave me any relief and I thought I was going to die. I became despondent and suffered untold agony. I could not eat, sleep nor rest, and it seemed as if I could not exist. At the end of six months I was reduced to but a shadow of myself, and at last my heart became affected and I was truly miserable. I took six or eight bottles of Dr. Miles' Nerve. It gave me relief from the start, and at last a cure, the greatest blessing of my life."

## MOBILIZING TROOPS

In the South Preparatory to Occupying Cuba and Porto Rico.

## WILL GO TO WINTER CAMPS

Until Unhealthy Season in Cuba Is Over and the Men Are in Best of Condition. Trouble With Cuban Insurgents Not Anticipated—Death of General Haskell From Apoplexy.

Washington, Sept. 17.—The military movements are being directed rapidly toward the assembling of a large army in southern stations for winter camps and preparatory to the military occupation of Cuba and Porto Rico. About 70,000 troops are now located in the south and orders will be issued sending the First, Second, Sixth, Ninth and Tenth cavalry from Montauk to Southern stations. The Third cavalry already has gone south and the First and Second infantry have been ordered to Annapolis and the Eighth and Sixteenth to Huntsville. This leaves the Seventh, Twenty-fourth and Twenty-fifth infantry, the Second volunteer engineers and Companies G and H, Fourth artillery at Montauk. Within a day or two these last remaining troops will be ordered south and Camp Wikoff will be no more. The purpose is to establish winter camps between the 31st and 35th parallels. The major part of the army thus assembled is destined for service in Cuba, with a much smaller force for Porto Rico and a reserve in the winter camps. It is not the intention, however, to send the army of occupation to Cuba until after the unhealthy season has passed, and meanwhile the troops will be put in the best possible condition.

Take No Chances of Exposure. On account of the desire of the war department that no chances shall be taken in the way of exposure of the troops to the dangers of the unhealthy season, no impatience is felt on account of the rather slow progress of the work of the commission of evacuation at Havana. Great satisfaction is expressed at the progress being made in Porto Rico and the evacuation is expected to occur speedily; but, in connection with the occupation of Porto Rico, the same anxiety as to the health of the army is not felt, nor are there similar difficulties in connection with establishing the government, Porto Rico becoming at once a part of the territory of the United States.

In assembling and organizing the army for the occupation of Cuba the consideration of possible trouble with the organized insurgents is not being taken into serious account. The Havana dispatches stating that there has developed a strong sentiment in favor of independence and opposition to annexation, coupled with hostility toward the United States, is read with rather an air of amusement by officials of the administration, who suggest that it is absurd to give as a reason for hostility on the part of Cubans toward the United States that the Cubans are in favor of entire independence. The purpose of the Cubans to establish a stable independent form of government is strictly in accordance with the terms of the president's proclamation, and, therefore, furnishes no reason for a feeling of hostility.

All the information in the possession of the war department, it is said, indicates the most cordial relations and harmony of purpose between the Cubans and the representatives of this government. The Havana dispatches stating that there has developed a strong sentiment in favor of independence and opposition to annexation, coupled with hostility toward the United States, is read with rather an air of amusement by officials of the administration, who suggest that it is absurd to give as a reason for hostility on the part of Cubans toward the United States that the Cubans are in favor of entire independence. Excitement of Receiving His Old Regiment Brings on a Stroke of Apoplexy. Columbus, O., Sept. 17.—Brigadier General Joseph T. Haskell died suddenly at his home at the Columbus post. Now-a-days nearly every woman rides a bicycle. The majority of these who do not, have failed to compass their difficulties because of nervousness. Many women after taking innumerable lessons, and trying vainly to conquer the wheel for weeks, have finally given it up as a hopeless task for this one reason. In nearly every instance severe nervous depression in women may be traced to weakness and disease of the delicate and important organs distinctly feminine. No other class of disorders so torture a woman's nerves or break them down so quickly and effectually. Dr. Pierce's Favorite Prescription is a sure, speedy and permanent cure for this trouble of the sensitive organs concerned, making them strong, healthy, vigorous and elastic. It allays inflammation, heals ulceration, soothes the nerves and builds up the system. It stops exhausting drains. It banishes the indispositions that precede maternity and makes baby's advent easy and almost painless. It insures the little new-comer's health and an ample supply of nourishment. It transforms weak, nervous invalids into strong, healthy, nerve-steady women. Thousands have testified to its marvelous merits. An honest dealer will not offer a substitute.

My wife was troubled with female weakness for several years," writes James Caswell, Esq., of Oshkosh, Wis. "she had bearing-down pains and pain in back. Her periods were irregular, she would have fainting spells, the best doctors did her no good. By the time my wife had taken four bottles of the 'Favorite Prescription' she was completely cured. No more pain. Her monthly periods are regular, she is stout and strong. When she commenced taking your medicine she weighed about 125 pounds—now she weighs 160 pounds."

**PHILIPPINE CONGRESS**

Aguinaldo Opens the National Assembly Amid Enthusiasm.

HE EULOGIZED THE ARMY

And Thanked Friendly Nations For Assisting a Down-trodden Race—Says the Americans Came to Fight the Spaniards and, Having Finished That Task, Should Return Home.

Manila, Sept. 17.—The Philippine national assembly has been inaugurated at Malolos with great enthusiasm. There were thousands of visitors from the provinces and a great display was made. When Aguinaldo entered the hall he was in evening dress, according to the Spanish custom, was received with cheers and also with cries of "Viva America" by the large crowd of natives inside and outside the hall. He read a decree convening the members who included several Spaniards. He next read a message eulogizing the army and thanking the friendly nations which had set the historical example of liberty and had assisted a down-trodden race. Continuing Aguinaldo urged and eloquently exhorted the assembly to "follow the noblest principles" and invoked the "spirits of the martyred Filipinos."

A Spanish delegate suggested that business be resumed in the afternoon but a Filipino objected and accused the

late yesterday afternoon. He was stricken with apoplexy, the excitement through which he had passed during the day in receiving the Seventeenth regiment, with which he fought at El Caney, being the immediate cause of the attack. In that battle the general was wounded in the shoulder and knee. He came home and was rapidly recovering, although his left arm was paralyzed from the effects of the wound in the shoulder.

Miss Mitty Mull of Muncie, Ind., had her pocket picked while attending the Labor day celebration at Indianapolis of 10 in cash and a certificate of deposit for \$40. The certificate has been returned to her from Chicago.

**INSURGENT CHIEF AGUINALDO.**

Including the American Consul.

A correspondent of the press had a private interview with Aguinaldo, who is extremely unwilling to compromise himself with the natives. He said that a majority of the Filipinos had been struggling for freedom for many years and centuries and that they now believe that object has been obtained.

Ignorant of Autonomus Systems.

Aguinaldo professed entire ignorance of the autonomus systems in vogue in the British colonies, of protectorates and of American state autonomy. He said he was unable to understand the idea and only understood "absolute independence." Personally he believed a protectorate for the Philippine islands was necessary, but he feared that the people would be disappointed in this. He had not studied political economy and knew nothing about the various forms of government. He inquired whether Australia was an American colony and said he had never heard of a Malay protectorate.

In 1884 Blaine's majority in Maine was 27,060, and no one will doubt the popularity of Blaine in his own state. Therepublican majority this "off year" is 24,000, which is evidence that the party is still growing.

THE SPEECH OF Albert J. Beveridge at Indianapolis last night was one that was heard with pleasure and profit, and will be read with eagerness throughout the state. Mr. Beveridge is a superior speaker and a thinker of the first rank.

THE democrats of Indiana and other states declared in their state platforms for 16 to 1 but are doing their best now to forget about it. They want to get off on some other issue as quickly as possible. The party is not in the habit of sticking to one issue more than one or two campaigns.

THE convention at Armory Hall last night is conclusive evidence that this community is practically a unit for the citizens ticket nominated today. The best interests of the taxpayers of the county demand a change in the official management of county affairs, and the people know it.

### At Sea on Maskat.

A funny scene occurred many years ago in congress. A present of Arabian horses, a sword, etc., arrived from the imam of Maskat for President Adams. A western member with some heat moved that the gift should be sent back, with a letter from congress, informing the ruler of Maskat that the president of the United States was no king, but the servant of the people, and was not permitted to give or receive presents.

Another member rose. "Such a letter, Mr. Speaker," he said, "can easily be written. But where is it to be sent? Where is Maskat?"

There was no response. Apparently not a member of the house was prepared to answer, nor could Maskat then be found in any atlas published in this country. It was found at last on a German map. A civil answer was returned, and the geographers made haste to insert Maskat in the next edition of their maps.—Exchange.

## A WINNING TICKET

NAMED AT THE OPERA HOUSE  
THIS AFTERNOON.

A Great and Representative Con-  
vention from All Parts of  
the County.

### THE TICKET.

For Representative,  
JAMES MARSH.

For Clerk,  
JAMES W. LEWIS.

For Auditor,  
ASBURY MANUEL.

For Recorder,  
HENRY F. BRUNING.

For Sheriff,  
JOSEPHUS GOSS.

For Coroner,

For Surveyor,  
SAMUEL CARR.

For Commissioner 1st District,  
EZRA WHITCOMB.

The county convention of republicans and independent democrats was called to order this afternoon at 1:45 o'clock by D. H. Waters. Almost every seat on the lower floor and balcony was occupied. In fact as large a crowd seldom gathers in the opera house. And a more representative body of men could not be found in Jackson county. The size of the convention and the spirit manifested is indicative of victory for the ticket nominated today.

Dr. J. M. Shields was nominated and unanimously chosen chairman of the convention.

In assuming the chair Dr. Shields made a few pertinent remarks, stating the object and purpose of the convention.

J. E. McKinney was selected as secretary of the convention and representatives of the press present as assistants.

A committee on rules, consisting of one from each township was appointed. Also a committee on resolutions consisting of five members was on motion appointed by the chair. The committee retired to prepare the reports.

While the convention was waiting Hon. S. A. Barnes was called out and made a brief but excellent speech, appropriate to the occasion.

The audience called for Hon. O. H. Montgomery who responded briefly, stating clearly and concisely the purpose and need of such a convention and such a ticket as placed in the field today.

The committee on resolutions reported the following:

We the committee on the resolutions beg leave to report the following:

Be it resolved:

1st That the list of candidates nominated by this convention be known and designated on the ballots as "The Citizens Ticket," and that they be represented by the emblem of an Open Book.

2nd We are opposed to the high handed and arbitrary methods employed in this county by a few office holders and political bosses to control nominating conventions and thereby perpetuate themselves in office for long terms and dictate their own successors, and we insist that the people be given fair and equal power in the nomination and elections of their public servants.

3d, We oppose and condemn the arrogation of power and authority in the past of local officers and the willful violation by them of laws duly enacted, and declared by the Supreme court to be valid and we demand that all laws shall be obeyed and enforced by the officers of this county.

4th We demand that strict economy be employed in the administration of county affairs, and denounce the levying of burdensome taxes on the people to carry out the selfish schemes of a few men, and overthrow the will of the majority, and we insist on a full and complete accounting by every officer, and that his books and records be open to the public and a thorough investigation of all offices of the county be made at

stated periods, and the result made known to the tax payers.

Respectfully Submitted,

D. H. WALTER, Chairman,

HENRY PRICE,

W. P. MASTERS,

J. W. HOLMES,

WILL A. MILLER,

Committee on Resolutions.

The following resolution was presented by Henry Price in behalf of the democrats of Jackson township:

As democrats, always alive to the promotion of democratic sentiment wherein the principles of popular sovereignty are rigidly maintained we deplore the methods whereby the democratic party of Jackson county has been converted into an organization to promote selfish interest at popular expense, and by our action today place the seal of disapproval upon all efforts to seize and convert to sectional purposes, rights that are and should be lodged exclusively with the people.

We condemn the action of the democratic central committee in forcing upon the democratic party a series of rules repugnant to the popular sense of justice and discriminative in their application.

We are opposed to the prevailing practice of singling out certain laws that should be obeyed and openly defying others. We further more protest against the new custom of appropriating public funds to fight the people who pay the same into the public treasury in expensive legal contests, a practice that has taken form under the present personnel of the board of commissioners.

We demand an administration of public affairs in Jackson county that will permit of equal and exact justice to every city, village, hamlet or political division, and appeal to voters of Jackson county for their support.

### FOR REPRESENTATIVE.

Nominations for representative were called for and Redding township named James Marsh. There being no other names placed before the convention Mr. Marsh was chosen by acclamation.

He was called out and thanked the convention and pledged his best endeavors in behalf of the ticket.

### FOR CLERK

The nominations for Clerk were made: C. J. Reynolds, of Driewood township; D. W. Rapp, of Redding township; and James Lewis, of Vernon.

In 1884 Blaine's majority in Maine was 23,000, and no one will doubt the popularity of Blaine in his own state. Therepublican majority this "off year" is 24,000, which is evidence that the party is still growing.

The speech of Albert J. Beveridge at Indianapolis last night was one that was heard with pleasure and profit, and will be read with eagerness throughout the state. Mr. Beveridge is a superior speaker and a thinker of the first rank.

The democrats of Indiana and other states declared in their state platforms for 16 to 1 but are doing their best now to forget about it. They want to get off on some other issue as quickly as possible. The party is not in the habit of sticking to one issue more than one or two campaigns.

The convention at Armony Hall last night is conclusive evidence that this community is practically a unit for the citizens ticket nominated today. The best interests of the taxpayers of the county demand a change in the official management of county affairs, and the people know it.

### At Sea on Maskat.

A funny scene occurred many years ago in congress. A present of Arabian horses, a sword, etc., arrived from the imam of Maskat for President Adams. A western member with some heat moved that the gift should be sent back, with a letter from congress, informing the ruler of Maskat that the president of the United States was no king, but the servant of the people, and was not permitted to give or receive presents.

Another member rose. "Such a letter, Mr. Speaker," he said, "can easily be written. But where is it to be sent? Where is Maskat?"

There was no response. Apparently not a member of the house was prepared to answer, nor could Maskat then be found in any atlas published in this country. It was found at last on a German map. A civil answer was returned, and the geographers made haste to insert Maskat in the next edition of their maps.—Exchange.

For Sheriff,

The county convention of republicans and independent democrats was called to order this afternoon at 1:45 o'clock by D. H. Waters. Almost every seat on the lower floor and balcony was occupied. In fact as large a crowd seldom gathers in the opera house. And a more representative body of men could not be found in Jackson county. The size of the convention and the spirit manifested is indicative of victory for the ticket nominated today.

Dr. J. M. Shields was nominated and unanimously chosen chairman of the convention.

In assuming the chair Dr. Shields made a few pertinent remarks, stating the object and purpose of the convention.

J. E. McKinney was selected as secretary of the convention and representatives of the press present as assistants.

A committee on rules, consisting of one from each township was appointed. Also a committee on resolutions consisting of five members was on motion appointed by the chair. The committee retired to prepare the reports.

While the convention was waiting Hon. S. A. Barnes was called out and made a brief but excellent speech, appropriate to the occasion.

The audience called for Hon. O. H. Montgomery who responded briefly, stating clearly and concisely the purpose and need of such a convention and such a ticket as placed in the field today.

The committee on resolutions reported the following:

We the committee on the resolutions beg leave to report the following:

Be it resolved:  
1st That the list of candidates nominated by this convention be known and designated on the ballots as "The Citizens Ticket," and that they be represented by the emblem of an Open Book.

2nd We are opposed to the high handed and arbitrary methods employed in this county by a few office holders and political bosses to control nominating conventions and thereby perpetuate themselves in office for long terms and dictate their own successors, and we insist that the people be given fair and equal power in the nomination and elections of their public servants.

3d, We oppose and condemn the arrogation of power and authority in the past of local officers and the willful violation by them of laws duly enacted, and declared by the Supreme court to be valid and we demand that all laws shall be obeyed and enforced by the officers of this county.

4th We demand that strict economy be employed in the administration of county affairs, and denounce the levying of burdensome taxes on the people to carry out the selfish schemes of a few men, and overthrow the will of the majority, and we insist on a full and complete accounting by every officer, and that his books and records be open to the public and a thorough investigation of all offices of the county be made at

stated periods, and the result made known to the tax payers.

Respectfully Submitted,

D. H. WALTER, Chairman,

HENRY PRICE,

W. P. MASTERS,

J. W. HOLMES,

WILL A. MILLER,

Committee on Resolutions.

The following resolution was presented by Henry Price in behalf of the democrats of Jackson township:

As democrats, always alive to the promotion of democratic sentiment wherein the principles of popular sovereignty are rigidly maintained we deplore the methods whereby the democratic party of Jackson county has been converted into an organization to promote selfish interest at popular expense, and by our action today place the seal of disapproval upon all efforts to seize and convert to sectional purposes, rights that are and should be lodged exclusively with the people.

We condemn the action of the democratic central committee in forcing upon the democratic party a series of rules repugnant to the popular sense of justice and discriminative in their application.

We are opposed to the prevailing practice of singling out certain laws that should be obeyed and openly defying others. We further more protest against the new custom of appropriating public funds to fight the people who pay the same into the public treasury in expensive legal contests, a practice that has taken form under the present personnel of the board of commissioners.

We demand an administration of public affairs in Jackson county that will permit of equal and exact justice to every city, village, hamlet or political division, and appeal to voters of Jackson county for their support.

## VERDICT FOR PLAINTIFF.

Jury Concluded That Mrs. Malinda Downs Was Damaged \$500.

The argument in the case of Malinda Downs against the B. & O. S. W. railroad was concluded yesterday afternoon, the jury instructed and given the case about 4:30 o'clock. After about five hours deliberation they agreed on a verdict. The judge and lawyers were summoned to the court room to hear the verdict. It was a finding for the plaintiff, the amount of damages being fixed at \$500. The case will be appealed to the Supreme Court.

It will be remembered that a little more than a year ago Mrs. Downs was driving across or near the B. & O. S. W. tracks in the eastern part of Seymour her horses took fright at a passing engine and started to run, throwing her out of the wagon, from which she suffered some bodily injuries. Soon after this she filed suit against the railroad.

## SERIES O, MONDAY. OCT. 3.

An Institution Carried On For The Benefit of the Laboring Man.

The continued success of the Co-operative Building and Loan Association is evidenced by the continually increasing number of stockholders. Most of these, in fact about ninety per cent, are among the laboring classes of our city, who are taking this method of buying and paying for a home for themselves. The association is carried on in the interest of the working man, and is operated at a very small expense. Every shareholder who saves from 25 cents per week and upward, becomes a partner in the business and shares in the profits of the association, a thing which he does in scarcely any other savings institution. The man who owns one share of stock shares in the same proportion as the one who holds a larger number of shares. If you are not already a shareholder, it will be an excellent time to take stock, when Series O starts on Monday, Oct. 3. See the secretary, Wm. F. Peter, for full particulars.

## Deafness Cannot be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have an annoying sound or imperfect hearing and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

## A CRITICAL TIME

**DURING THE BATTLE OF SAN- TIAGO.**

**Sick or Well, a Rush Night and Day.**

The Packers at the Battle of Santiago de Cuba were all Heroes. Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago, De Cuba, on July 23d, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect savior of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrades and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by C. W. Milhouse.

**An Eloquent Speaker.**

True eloquence was voiced by John Speaker, of Catawba, O., when he says: "I had five large fever sores on my leg four years, and tried five doctors without benefit. All said I could not be cured, but I fooled them by curing myself with one bottle of Electric Bitters and one box of Bucklen's Arnica Salve." Electric Bitters is the greatest blood purifier known. **LAW OF 1893.**

**Suit Effecting Foreign Building and Loan Associations in Indiana.**

Muncie, Ind., Sept. 18.—The first case effected by the law of 1893 on foreign building and loan associations in Indiana is on trial here. This law makes it obligatory on all outside associations doing business in the state to deposit with the state auditor security in the amount of \$100,000. Many associations failed to do this, holding that contracts made prior to the enactment of the law are not affected and they say that since they have not made any new contracts since the enactment of the law, they do not see how they can be compelled to furnish the stipulated bond. The case on trial is that of the National Home Building and Loan association of Bloomington, Ill., which holds mortgages to the amount of \$100,000 in Indiana.

**BEN-HUR SOCIETY.**

Mrs. Hall Sustains Her Case Before Judge McGregor.

Brazil, Ind., Sept. 17.—The suit of the widow of Otis Hall against the order of Ben-Hur has been sustained by the plaintiff according to the decision of Judge McGregor of Greencastle. Mrs. Hall sued the order for the face value of a policy held by her husband at the time of his death. The order put in arrears with dues and had announced that he intended dropping out. The widow claimed that the dues had been paid. There are some legal points to be argued and Judge McGregor states that if the law is with Mrs. Hall she will receive judgment for \$2,892.92.

**WAR CLAIMS.**

Those of Indiana Being Rapidly Adjudicated by the War Department.

Washington, Sept. 17.—Indiana's claim for \$80,000 in round numbers for expenses incurred in equipping volunteers for the war with Spain is being rapidly adjudicated by the auditor for the war department. He was a successful farmer, a large landholder and occupied a high place in the ranks of farm organizations as a leader and adviser. He was 72 years old and had a large relationship scattered over this state.

**Want Their Names on the Ballot.**

Indianapolis, Sept. 17.—Edwin Taylor, Karl J. Kollemeyer, Edgar A. Brown, William S. Diven and Johannes Kopelke, Democratic nominees for judges of the appellate court, brought suit yesterday to compel the state board of election commissioners to print their names on the state ballot.

## BRADSTREET

Enlarged Distribution at Most Western Markets Reported.

New York, Sept. 17.—Bradstreet's today says: Reports of still further enlarged distribution at most western markets and of slight improvement at eastern centers, where demand has been slower to materialize; enlarged foreign demand for breadstuffs, increased railway earnings, not entirely due to the swelling movement of grain to market, which, indeed, is still behind last year's records, bank clearings increased over last week and over all corresponding weeks, except one year ago, when speculation was very active, rather better than expected government crop reports and enlarging exports of American manufactures are all features tending to make the trade situation at present a notable one.

Crop impairment in August, not unusual nor unexpected, proves to have been less than feared, the average conditions of leading crops, notably wheat, corn, cotton and potatoes are better than one year ago.

Operative in inducing the improved foreign demand for our wheat and flour, perhaps, has been a tendency to shade early estimates of the world's wheat crop this year, some figures being as low as 2,500,000 bushels, which, while larger than last year, is still below that of 1894. This, with the low state of the world's wheat supplies and the slower than expected movement from American farmers' hands to leading markets, has increased the premium on cash wheat, and nervous short sellers of September delivery have covered, with the result of advancing prices.

Unfavorable trade features are few and presented chiefly in the textile manufacturing trade, but here it is hoped that the undeniably large distribution of dry goods this fall will soon be reduced in improved demand.

**LOST ON THE JESSIE**

Several Prominent Young Kentucky Gold-seekers Find a Watery Grave.

Bowling Green, Ky., Sept. 17.—A telegram received from Seattle by Edward Smallhouse confirms the report of the loss of the Jessie and all of the passengers on board. Among the list were three from this city. They were Charles A. Mitchell, son of the late George Mitchell; George Smallhouse, son of Captain C. G. Smallhouse, president of the Warren Deposit bank, and Charles Kinsler, a machinist. Murphy, reported as being from here was from Frankfort. The two first named were among the wealthiest and most prominent young men in the county. Their relatives have steadily refused to believe the reports until now. The telegram was from Captain Richard Chilcott, and was as follows: "A letter received by me leaves no doubt of the loss of the Jessie, with all on board."

**Financial Difficulties Caused Suicide.**

Ann Arbor, Mich., Sept. 17.—Warren B. Stokney, representative of the Nichols Publishing company of Springfield, Mass., shot himself dead yesterday. The cause of the suicide is believed to be loss of deceased's home through his financial difficulties. Mr. Stokney was a cultivated and intellectual man and was once superintendent of schools of Chicopee, Mass.

## HELP IS AT HAND.

John Morrow's Discovery Gives Health to Diabetic Patients.

**One of the Worst Diseases Known to Man is Overcome by Modern Science.**

When the common symptoms of kidney troubles are neglected the careless sufferer is in great danger of contracting diabetes or Bright's disease, two of the most terrible afflictions that have been imposed on mankind. The remedy for the earliest stages, as well as the worst cases, one that will restore the kidneys to sound health is Morrow's Kidney Pills. These yellow tablets should be taken when the back aches, or when headaches, chilliness, loss of energy or pain in urinating show that the kidneys are out of order.

Diabetes, that disease which is almost as deadly as Bright's disease, is indicated by failure of strength and emaciation. The mouth is pasty, skin dry and hard, the bowels are constipated, vomiting is frequent, the vision becomes dim, memory and intellect fail, and the temper becomes irritable.

A recent case of the cure of this awful disease by Morrow's Kidney Pills is that of Mr. C. E. Chappin, a well known manufacturer of 15 South Limestone street, Springfield, Ohio. He writes:

"I have been a constant sufferer from kidney disease for the past year. Very often upon arising in the morning the pain was so severe I scarcely could get about at all. I consulted with physicians and they all told me that I was troubled with diabetes, and treated me for some time, but I failed to derive any benefit from their medicine. I was finally persuaded to try Morrow's Kidney Pills, and to my great surprise, after I had taken but one box, the pain left me, and I have experienced no trouble since then. I feel entirely well, and am enjoying better health in every way than for several years."

The fame of Morrow's Kidney Pills has created a demand for them, everywhere and they are now sold by all dealers at 50 cents a box, six boxes for \$2.50. If for any reason the dealer cannot supply you, they will be sent postpaid on receipt of the price by the H. B. Medicine Co., Springfield, Ohio.

## A CRITICAL TIME

**DURING THE BATTLE OF SANTIAGO.**

**Sick or Well, a Rush Night and Day.**

The Packers at the Battle of Santiago de Cuba were all Heroes. Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago, De Cuba, on July 23d, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect savior of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrades and myself had the good fortune to lay in a supply of this medicine for our packtrain before we left Tampa and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by C. W. Milhouse.

**An Eloquent Speaker.**  
True eloquence was voiced by John Speaker, of Catawba, O., when he says: "I had five large fever sores on my leg four years, and tried five doctors without benefit. All said I could not be cured, but I fooled them by curing myself with one bottle of Electric Bitters and one box of Bucklen's Arnica Salve." Electric Bitters is the greatest blood purifier known. ## INDIANA'S WAR ACCOUNT

**Claim For \$80,000 Being Rapidly Adjudicated by the War Department—Cutting Off at Maumee—Companies A and L Receive a Hearty Welcome at Vincennes—Other State Happenings.**

Stockton, Cal., Sept. 17.—The preliminary examination of Charles Cadwallader, charged with embezzling funds of the Citizens' Bank of Union City, Ind., commenced yesterday. Sheriff Simmons of Indiana testified that there were 17 indictments against the accused. Habeas corpus proceedings have been commenced but the petition will not be heard until next Tuesday.

**LAW OF 1893.**  
**Suit Effecting Foreign Building and Loan Associations in Indiana.**

Muncie, Ind., Sept. 18.—The first case effected by the law of 1893 on foreign building and loan associations in Indiana is on trial here. This law makes it obligatory on all outside associations doing business in the state to deposit with the state auditor security in the amount of \$100,000. Many associations failed to do this, holding that contracts made prior to the enactment of the law are not affected and they say that since they have not made any new contracts since the enactment of the law, they do not see how they can be compelled to furnish the stipulated bond. The case on trial is that of the National Home Building and Loan association of Bloomington, Ill., which holds mortgages to the amount of \$100,000 in Indiana.

**BEN-HUR SOCIETY.**  
**Mrs. Hall Sustains Her Case Before Judge McGregor.**

Brazil, Ind., Sept. 17.—The suit of the widow of Otis Hall against the order of Ben-Hur has been sustained by the plaintiff according to the decision of Judge McGregor of Greencastle. Mrs. Hall sued the order for the face value of a policy held by her husband at the time of his death. The order put up the claim that Hall was three months in arrears with dues and had announced that he intended dropping out. The widow claimed that the dues had been paid. There are some legal points to be argued and Judge McGregor states that if the law is with Mrs. Hall she will receive judgment for \$3,502.92.

**WAR CLAIMS.**  
**Those of Indiana Being Rapidly Adjudicated by the War Department.**

Washington, Sept. 17.—Indiana's claim for \$80,000 in round numbers for expenses incurred in equipping volunteers for the war with Spain is being rapidly adjudicated by the auditor for the war department. The auditor said the clerks were now engaged in going over the items. The first claim to be paid will be that of the state of Mississippi.

Vincennes, Ind., Sept. 17.—Companies A and L, One Hundred and Fifty-ninth Indiana, were royally received here today. A banquet was served at the Union depot hotel, after which the companies marched to the courthouse, where Mayor Green delivered an address of welcome. All societies, city and county officials and citizens generally were in the parade.

**Was Prominent in Farmer Organizations.**  
Liberty, Ind., Sept. 17.—Alexander Johnson, an old resident of this county, died yesterday at his home near this place. He was a successful farmer, a large landholder and occupied a high place in the ranks of farm organizations as a leader and adviser. He was 72 years old and had a large relationship scattered over this state.

**Want Their Names on the Ballot.**  
Indianapolis, Sept. 17.—Edwin Taylor, Karl J. Kollemeyer, Edgar A. Brown, William S. Diven and Johannes Kopelke, Democratic nominees for judges of the appellate court, brought suit yesterday to compel the state board of election commissioners to print their names on the state ballot.

**Will Have to Go.**  
Washington, Sept. 17.—The order dismissing Miss Fannie Schindler, the money order clerk employed in the New Albany (Ind.) postoffice, against whom charges were preferred, has been issued. The vacancy made will be filled by appointment from the eligible list of the civil service or through promotion.

**Severely Stabbed.**  
Mannee, Ind., Sept. 17.—Elzie Robertson was severely stabbed by Eliza Brown, near here. Young Brown was accompanying a young woman, and was leading his horse, when Brown cut off a portion of the animal's tail. An altercation followed in which Robertson was cut.

## BRADSTREET

Enlarged Distribution at Most Western Markets Reported.

New York, Sept. 17.—Bradstreet today says: Reports of still further enlarged distribution at most western markets and of slight improvement at eastern centers, where demand has been slower to materialize; enlarged foreign demand for breadstuffs, increased railway earnings, not entirely due to the swelling movement of grain to market, which, indeed, is still behind last year's records, bank clearings increased over last week and over all corresponding weeks, except one year ago, when speculation was very active, rather better than expected government crop reports and enlarging exports of American manufactures are all features tending to make the trade situation at present a notable one.

Crop impairment in August, not unusual nor unexpected, proves to have been less than feared, the average conditions of leading crops, notably wheat, corn, cotton and potatoes are better than one year ago.

Operative in inducing the improved foreign demand for our wheat and flour, perhaps, has been a tendency to shade early estimates of the world's wheat crop this year, some figures being as low as 2,500,000 bushels, which, while larger than last year, is still below that of 1894. This, with the low state of the world's wheat supplies and the slower than expected movement from American farmers' hands to leading markets, has increased the premium on cash wheat, and nervous short sellers of September delivery have covered, with the result of advancing prices.

Unfavorable trade features are few and presented chiefly in the textile manufacturing trade, but here it is hoped that the undeniably large distillation of dry goods this fall will soon be reduced in improved demand.

## LOST ON THE JESSIE

Several Prominent Young Kentucky Gold-seekers Find a Watery Grave.

Bowling Green, Ky., Sept. 17.—A telegram received from Seattle by Edward Smallhouse confirms the report of the loss of the Jessie and all of the passengers on board. Among the list were Charles A. Mitchell, son of the late George Mitchell; George Smallhouse, son of Captain C. G. Smallhouse, president of the Warren Deposit bank, and Charles Kinsler, a machinist. Murphy, reported as being from here was from Frankfort. The two first named were among the wealthiest and most prominent young men in the county. Their relatives have steadily refused to believe the reports until now. The telegram was from Captain Richard Chilcott, and was as follows: "A letter received by me leaves no doubt of the loss of the Jessie, with all on board."

**Financial Difficulties Caused Suicide.**  
Ann Arbor, Mich., Sept. 17.—Warren B. Stuckney, representative of the Nichols Publishing company of Springfield, Mass., shot himself dead yesterday. The cause of the suicide is believed to be loss of deceased's home through his financial difficulties. Mr. Stuckney was a cultivated and intellectual man and was once superintendent of schools of Chicopee, Mass.

**One Postmaster.**  
Washington, Sept. 17.—Robert H. Boyd has been appointed postmaster at Stammers Creek, Ind.

## A Shattered Nervous System.

FINALLY HEART TROUBLE.  
Restored to Health by Dr. Miles' Nervine.

M. EDWARD HARDY, the jolly manager of Sheppard Co's. great store at Braceville, Ill., writes: "I had never been sick a day in my life until 1890. I got so bad with nervous prostration that I had to give up and commence to doctor. I tried our local physicians and one in Joliet, but none gave me any relief and I thought I was going to die. I became despondent and suffered untold agony. I could not eat, sleep nor rest, and it seemed as if I could not exist. At the end of six months I was reduced to but a shadow of myself, and at last my heart became affected and I was truly miserable. I took six or eight bottles of Dr. Miles' Nervine. It gave me relief from the start, and at last a cure, the greatest blessing of my life."

Dr. Miles' Nervine is sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address: DR. MILES MEDICAL CO., Elkhart, Ind.

## MOBILIZING TROOPS

In the South Preparatory to Occupying Cuba and Porto Rico.

## WILL GO TO WINTER CAMPS

Until Unhealthy Season in Cuba Is Over and the Men Are in Best of Condition. Trouble With Cuban Insurgents Not Anticipated—Death of General Haskell From Apoplexy.

Washington, Sept. 17.—The military movements are being directed rapidly toward the assembling of a large army in southern stations for winter camps and preparatory to the military occupation of Cuba and Porto Rico. About 70,000 troops are now located in the south and orders will be issued sending the First, Second, Sixth, Ninth and Tenth cavalry from Montauk to Southern stations. The Third cavalry already has gone south and the First and Second infantry have been ordered to Aniston and the Eighth and Sixteenth to Huntsville. This leaves the Seventh, Twenty-fourth and Twenty-fifth infantry, the Second volunteer engineers and Companies G and H, Fourth artillery at Montauk. Within a day or two these last remaining troops will be ordered south and Camp Wikoff will be no more. The purpose is to establish winter camps between the 31st and 35th parallels. The major part of the army thus assembled is destined for service in Cuba, with a much smaller force for Porto Rico and a reserve in the winter camps. It is not the intention, however, to send the army of occupation to Cuba until after the unhealthy season has passed, and meanwhile the troops will be put in the best possible condition.

Take No Chances of Exposure. On account of the desire of the war department that no chances shall be taken in the way of exposure of the troops to the dangers of the unhealthy season, no impatience is felt on account of the rather slow progress of the work of the commission of evacuation at Havana. Great satisfaction is expressed at the progress being made in Porto Rico and the evacuation is expected to occur speedily; but, in connection with the occupation of Porto Rico, the same anxiety as to the health of the army is not felt, nor are there similar difficulties in connection with establishing the government, Porto Rico becoming at once a part of the territory of the United States.

In assembling and organizing the army for the occupation of Cuba the consideration of possible trouble with the organized insurgents is not being taken into serious account. The Havana dispatches stating that there has developed a strong sentiment in favor of independence and opposition to annexation, coupled with hostility toward the United States, is read with rather an air of amusement by officials of the administration, who suggest that it is absurd to give as a reason for hostility on the part of Cubans toward the United States that the Cubans are in favor of entire independence. The purpose of the Cubans to establish a stable independent form of government is strictly in accordance with the terms of the president's proclamation, and, therefore, furnishes no reason for a feeling of hostility.

All the information in the possession of the war department, it is said, indicates the most cordial relations and harmony of purpose between the Cubans and the representatives of this government. In assembling and organizing the army for the occupation of Cuba the consideration of possible trouble with the organized insurgents is not being taken into serious account. The Havana dispatches stating that there has developed a strong sentiment in favor of independence and opposition to annexation, coupled with hostility toward the United States, is read with rather an air of amusement by officials of the administration, who suggest that it is absurd to give as a reason for hostility on the part of Cubans toward the United States that the Cubans are in favor of entire independence. He was stricken with apoplexy, the excitement through which he had passed during the day in receiving the Seventeenth regiment, with which he fought at El Caney, being the immediate cause of the attack. ## PHILIPPINE CONGRESS

Aginaldo Opens the National Assembly Amid Enthusiasm.

## HE EULOGIZED THE ARMY

And Thanked Friendly Nations For Assisting a Down-trodden Race—Says the Americans Came to Fight the Spaniards and, Having Finished That Task, Should Return Home.

Manila, Sept. 17.—The Philippine national assembly has been inaugurated at Malolos with great enthusiasm. There were thousands of visitors from the provinces and a great display was made. When Aginaldo entered the hall he was in evening dress, according to the Spanish custom, was received with cheers and also with cries of "Viva America" by the large crowd of natives inside and outside the hall. He read a decree convening the members who included several Spaniards. He next read a message eulogizing the army and thanking the friendly nations which had set the historical example of liberty and had assisted a down-trodden race.

Continuing Aginaldo urged and eloquently exhorted the assembly to "follow the noblest principles" and invoked the "spirits of the martyred Filipinos."

A Spanish delegate suggested that business be resumed in the afternoon but a Filipino objected and accused the

Continuing the insurgent leader said there was no need of protection for the Philippine islands because the Filipinos were able to cope with any army. He admitted that he had never seen a foreign army, with the exception of the garrisons at Hong-Kong and Singapore, and he had never seen these troops on parade.

Aginaldo declined to discuss the American army and protested his undying gratitude to the Americans. He said they had come to the Philippines to fight the Spaniards only, and now that they had finished the task, it was to be expected that they would return to America. He was unwilling to believe that the Americans would demand a reward for an act of humanity, and he declined to admit the necessity of a quid pro quo.

The Filipino leader expressed himself confident that the newly founded government would build a navy ultimately. In the meantime, he said, the great nations should protect and aid a young nation instead of grabbing her territories. If the Americans should refuse to withdraw, the national assembly, he said, must decide the policy to be pursued—a policy he declined to forecast.

Hardin County Gold Mines.

Hodgenville, Ky., Sept. 17.—The Hardin county "gold mines," a few miles north of this place, which have been extensively boomed of late, have received another setback at the hands of an assayer of Aspen, Colo., who says the ore contains no gold.

In 1884 Blaine's majority in Maine was 23,060, and no one will doubt the popularity of Blaine in his own state. Therepublican majority this "off year" is 24,000, which is evidence that the party is still growing.

The speech of Albert J. Beveridge at Indianapolis last night was one that was heard with pleasure and profit, and will be read with eagerness throughout the state. Mr. Beveridge is a superior speaker and a thinker of the first rank.

The democrats of Indiana and other states declared in their state platforms for 16 to 1 but are doing their best now to forget about it. They want to get off on some other issue as quickly as possible. The party is not in the habit of sticking to one issue more than one or two campaigns.

The convention at Armory Hall last night is conclusive evidence that this community is practically a unit for the citizens ticket nominated today. The best interests of the taxpayers of the county demand a change in the official management of county affairs, and the people know it.

### At Sea on Maskat.

A funny scene occurred many years ago in congress. A present of Arabian horses, a sword, etc., arrived from the imam of Maskat for President Adams. A western member with some heat moved that the gift should be sent back, with a letter from congress, informing the ruler of Maskat that the president of the United States was no king, but the servant of the people, and was not permitted to give or receive presents.

Another member rose. "Such a letter, Mr. Speaker," he said, "can easily be written. But where is it to be sent? Where is Maskat?"

There was no response. Apparently not a member of the house was prepared to answer, nor could Maskat then be found in any atlas published in this country. It was found at last on a German map. A civil answer was returned, and the geographers made haste to insert Maskat in the next edition of their maps.—Exchange.

## A WINNING TICKET

NAMED AT THE OPERA HOUSE  
THIS AFTERNOON.

A Great and Representative Con-  
vention from All Parts of  
the County.

### THE TICKET.

For Representative,  
JAMES MARSH.

For Clerk,  
JAMES W. LEWIS.

For Auditor,  
ASBURY MANUEL.

For Recorder,  
HENRY F. BRUNING.

For Sheriff,  
JOSEPHUS GOSS.

For Coroner,  
A. M. VEAZEY.

For Surveyor,  
SAMUEL CARR.

For Commissioner 1st District,  
EZRA WHITCOMB.

The county convention of republicans and independent democrats was called to order this afternoon at 1:45 o'clock by D. H. Waters. Almost every seat on the lower floor and balcony was occupied. In fact as large a crowd seldom gathers in the opera house. And a more representative body of men could not be found in Jackson county. The size of the convention and the spirit manifested is indicative of victory for the ticket nominated today.

Dr. J. M. Shields was nominated and unanimously chosen chairman of the convention.

In assuming the chair Dr. Shields made a few pertinent remarks, stating the object and purpose of the convention.

J. E. McKinney was selected as secretary of the convention and representatives of the press present as assistants.

A committee on rules, consisting of one from each township was appointed. Also a committee on resolutions consisting of five members was on motion appointed by the chair. The committee retired to prepare the reports.

While the convention was waiting Hon. S. A. Barnes was called out and made a brief but excellent speech, appropriate to the occasion.

The audience called for Hon. O. H. Montgomery who responded briefly, stating clearly and concisely the purpose and need of such a convention and such a ticket as placed in the field today.

The committee on resolutions reported the following:

We the committee on the resolutions beg leave to report the following:

Be it resolved:

1st That the list of candidates nominated by this convention be known and designated on the ballots as "The Citizens Ticket," and that they be represented by the emblem of an Open Book.

2nd We are opposed to the high handed and arbitrary methods employed in this county by a few office holders and political bosses to control nominating conventions and thereby perpetuate themselves in office for long terms and dictate their own successors, and we insist that the people be given fair and equal power in the nomination and elections of their public servants.

3d, We oppose and condemn the arrogation of power and authority in the past of local officers and the willful violation by them of laws duly enacted, and declared by the Supreme court to be valid and we demand that all laws shall be obeyed and enforced by the officers of this county.

4th We demand that strict economy be employed in the administration of county affairs, and denounce the levying of burdensome taxes on the people to carry out the selfish schemes of a few men, and overthrow the will of the majority, and we insist on a full and complete accounting by every officer, and that his books and records be open to the public and a thorough investigation of all offices of the county be made at

stated periods, and the result made known to the tax payers.

Respectfully Submitted,

D. H. WALTER, Chairman,

HENRY PRICE,

W. P. MASTERS,

J. W. HOLMES,

WILL A. MILLER,

Committee on Resolutions.

The following resolution was presented by Henry Price in behalf of the democrats of Jackson township:

As democrats, always alive to the promotion of democratic sentiment wherein the principles of popular sovereignty are rigidly maintained we deplore the methods whereby the democratic party of Jackson county has been converted into an organization to promote selfish interest at popular expense, and by our action today place the seal of disapproval upon all efforts to seize and convert to sectional purposes, rights that are and should be lodged exclusively with the people.

We condemn the action of the democratic central committee in forcing upon the democratic party a series of rules repugnant to the popular sense of justice and discriminative in their application.

We are opposed to the prevailing practice of singling out certain laws that should be obeyed and openly defying others. We further more protest against the new custom of appropriating public funds to fight the people who pay the same into the public treasury in expensive legal contests, a practice that has taken form under the present personnel of the board of commissioners.

We demand an administration of public affairs in Jackson county that will permit of equal and exact justice to every city, village, hamlet or political division, and appeal to voters of Jackson county for their support.

### VERDICT FOR PLAINTIFF.

Jury Concluded That Mrs. Malinda Downs Was Damaged \$500.

The argument in the case of Malinda Downs against the B. & O. S. W. railroad was concluded yesterday afternoon, the jury instructed and given the case about 4:30 o'clock. After about five hours deliberation they agreed on a verdict. The judge and lawyers were summoned to the court room to hear the verdict. It was a finding for the plaintiff, the amount of damages being fixed at \$500. The case will be appealed to the Supreme Court.

It will be remembered that a little more than a year ago as Mrs. Downs was driving across or near the B. & O. S. W. tracks in the eastern part of Seymour her horses took fright at a passing engine and started to run, throwing her out of the wagon, from which she suffered some bodily injuries. Soon after this she filed suit against the railroad.

An Institution Carried On For The Benefit of the Laboring Man.

The continued success of the Co-operative Building and Loan Association is evidenced by the continually increasing number of stockholders. Most of these, in fact about ninety per cent, are among the laboring classes of our city, who are taking this method of buying and paying for a home for themselves. The association is carried on in the interest of the working man, and is operated at a very small expense. Every shareholder who saves from 25 cents per week and upward, becomes a partner in the business and shares in the profits of the association, a thing which he does in scarcely any other savings institution. The man who owns one share of stock shares in the same proportion as the one who holds a larger number of shares. If you are not already a shareholder, it will be an excellent time to take stock, when Series O starts on Monday, Oct. 3. See the secretary, Wm. F. Peter, for full particulars.

Chairman Hernly, of the state central committee, is trying to arrange a date that will be acceptable to the President.

### COURT NOTES.

Circuit court adjourned last evening till Monday.

### Deafness Cannot be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have an annoying sound or imperfect hearing and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by (catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

## A CRITICAL TIME

DURING THE BATTLE OF SAN TIAGO.

Sick or Well, a Rush Night and Day.

The Packers at the Battle of Santiago de Cuba were all Heroes. Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago, De Cuba, on July 23d, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect savior of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrades and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by C. W. Milhouse.

An Eloquent Speaker.  
True eloquence was voiced by John Speaker, of Catawba, O., when he says: "I had five large fever sores on my leg four years, and tried five doctors without benefit. All said I could not be cured, but I fooled them by curing myself with one bottle of Electric Bitters and one box of Bucklen's Arnica Salve." Electric Bitters is the greatest blood purifier known. ## LAW OF 1893.

Suit Effecting Foreign Building and Loan Associations in Indiana.

Maumee, Ind., Sept. 18.—The first case effected by the law of 1893 on foreign building and loan associations in Indiana is on trial here. This law makes it obligatory on all outside associations doing business in the state to deposit with the state auditor security in the amount of \$100,000. Many associations failed to do this, holding that contracts made prior to the enactment of the law are not affected and they say that since they have not made any new contracts since the enactment of the law, they do not see how they can be compelled to furnish the stipulated bond. The case on trial is that of the National Home Building and Loan association of Bloomington, Ill., which holds mortgages to the amount of \$100,000 in Indiana.

## BEN-HUR SOCIETY.

Mrs. Hall Sustains Her Case Before Judge McGregor.

Brazil, Ind., Sept. 17.—The suit of the widow of Otis Hall against the order of Ben-Hur has been sustained by the plaintiff according to the decision of Judge McGregor of Greencastle. Mrs. Hall sued the order for the face value of a policy held by her husband at the time of his death. The order put up the claim that Hall was three months in arrears with dues and had announced that he intended dropping out. The widow claimed that the dues had been paid. There are some legal points to be argued and Judge McGregor states that if the law is with Mrs. Hall she will receive judgment for \$2,502.92.

## WAR CLAIMS.

Those of Indiana Being Rapidly Adjudicated by the War Department.

Washington, Sept. 17.—Indiana's claim for \$80,000 in round numbers for expenses incurred in equipping volunteers for the war with Spain is being rapidly adjudicated by the auditor for the war department. He was 72 years old and had a large relationship scattered over this state.

## BRADSTREET

Enlarged Distribution at Most Western Markets Reported.

New York, Sept. 17.—Bradstreet today says: Reports of still further enlarged distribution at most western markets and of slight improvement at eastern centers, where demand has been slower to materialize; enlarged foreign demand for breadstuffs, increased railway earnings, not entirely due to the swelling movement of grain to market, which, indeed, is still behind last year's records, bank clearings increased over last week and over all corresponding weeks, except one year ago, when speculation was very active, rather better than expected government crop reports and enlarging exports of American manufactures are all features tending to make the trade situation at present a notable one.

Crop impairment in August, not unusual nor unexpected, proves to have been less than feared, the average conditions of leading crops, notably wheat, corn, cotton and potatoes are better than one year ago.

Operative in inducing the improved foreign demand for our wheat and flour, perhaps, has been a tendency to shade early estimates of the world's wheat crop this year, some figures being as low as 2,500,000 bushels, which, while larger than last year, is still below that of 1894. This, with the low state of the world's wheat supplies and the slower than expected movement from American farmers' hands to leading markets, has increased the premium on cash wheat, and nervous short sellers of September delivery have covered, with the result of advancing prices.

Unfavorable trade features are few and presented chiefly in the textile manufacturing trade, but here it is hoped that the undeniably large distribution of dry goods this fall will soon be reduced in improved demand.

## LOST ON THE JESSIE

Several Prominent Young Kentucky Gold-seekers Find a Watery Grave.

Bowling Green, Ky., Sept. 17.—A telegram received from Seattle by Edward Smallhouse confirms the report of the loss of the Jessie and all of the passengers on board. Among the list were three from this city. They were Charles A. Mitchell, son of the late George Mitchell; George Smallhouse, son of Captain C. G. Smallhouse, president of the Warren Deposit bank, and Charles Kusler, a machinist. Murphy, reported as being from here was from Frankfort. The two first named were among the wealthiest and most prominent young men in the county. Their relatives have steadily refused to believe the reports until now. The telegram was from Captain Richard Chilcott, and was as follows: "A letter received by me leaves no doubt of the loss of the Jessie, with all on board."

## Financial Difficulties Caused Suicide.

Ann Arbor, Mich., Sept. 17.—Warren B. Stickney, representative of the Nichols Publishing company of Springfield, Mass., shot himself dead yesterday. The cause of the suicide is believed to be loss of deceased's home through his financial difficulties. ## HELP IS AT HAND.

John Morrow's Discovery Gives Health to Diabetes Patients.

One of the Worst Diseases Known to Man is Overcome by Modern Science.

When the common symptoms of kidney troubles are neglected the careless sufferer is in great danger of contracting diabetes or Bright's disease, two of the most terrible afflictions that have been imposed on mankind. The remedy for the earliest stages, as well as the worst cases, one that will restore the kidneys to sound health, is Morrow's Kidney Pills. These yellow tablets should be taken when the back aches, or when headaches, chilliness, loss of energy or pain in urinating show that the kidneys are out of order.

Diabetes, that disease which is almost as deadly as Bright's disease, is indicated by failure of strength and emaciation. The mouth is thirsty, skin dry and hard, the bowels are constipated, vomiting is frequent, the vision becomes dim, memory and intellect fail, and the temper becomes irritable.

A recent case of the cure of this awful disease by Morrow's Kidney Pills is that of Mr. G. E. Chappin, a well known, successful owner of 13 South Limestone street, Springfield, Ohio. He writes:

"I have been a constant sufferer from kidney disease for the past year. Very often upon arising in the morning the pain was so severe I scarcely could get about at all. I consulted with different physicians, and they all told me that I was troubled with diabetes, and treated me for same, but I failed to derive any benefit from their medicine. I was finally persuaded to give Morrow's Kidney Pills a trial, and to my great surprise, after I had taken but one box, the pain left me, and I have experienced no trouble since then. I feel entirely well, and am enjoying better health in every way than for several years."

The fame of Morrow's Kidney Pills has created a demand for them everywhere and they are now sold by all dealers at 50 cents a box, six boxes for \$2.50. If for any reason the dealer cannot supply you, they will be sent postpaid on receipt of the price by the Herd Medicine Co., Springfield, Ohio.
